## Fire Safes

Burton Fire Safes are The Sure Defence against fire damage, built to a Police Preferred Specification Secured by Design and offering a combination of fire and security protection for your valuables, documents, paper, USB's and data.

The Firesec range is insurance approved by the AiS for cash and jewellery cover ratings, independently attack tested to EN standards and suitable for storage of controlled drugs with active ingredients exceeding 500g. All our fire safe models are tested and certified to EN15659 LFS 60P by world renowned German certification body ECBS.

If you require fire protection for your safe, Burton Safes recommends you should only purchase products that have been independently tested and certified to these standards.
