GARAGE GUARD

Approved to Sold Secure Silver

Garage & Door Security

We are proud to offer the new Guard range of products designed and Made In Yorkshire by our own in-house engineering team. The Guard range provides a heavy duty visual and physical deterrent for protecting your home and business from burglary.

With an average garage contents value of £1,500. Security for garage's often gets overlooked.

Our new Garage Guard protects up and over garage doors. This heavy duty solution is certified to Sold Secure Silver the only product of its type to pass this attack test and holds Police Preferred Specification.

Also available in the range is internal protection for roller shutters and garage doors, internal drop bars for reinforced security and a range of hasp locks for securing gates, sheds and doors.

Perfect for helping to secure your bicycles, motorcycles, e-bike and scooters from theft.
