Tested and certified to Firearms cabinets SS302:2020 by Sold Secure
Police Preferred Specification – Secured by Design

Gun Safes & Cabinets

The Gun Safe range is suitable for shot guns and rifles and accommodates most models with scopes and silencers fitted. Securely store your guns in high security gun cabinets that are made to the Police Preferred Specification under the Secured by Design scheme.

These models are ideal to secure a gun collection, with high density foam gun holders and base, holders for cleaning rods and ammo belts, internal lockable ammo box and optional side shelf for other valuables. Furthermore, this range has a choice of locking options: single key, mechanical combination, electronic PIN, or biometric locking system.

Our Pioneer, Warden LFS and Gamekeeper models have been tested and certified to the Sold Secure Firearms Cabinets Standard SS302:2020 Bronze, Silver and Gold respectively.

We are proud to be first to achieve all 3 British test standards certified by Sold Secure which is owned by the Master Locksmith Association.
